This workshop will give you the tools you need to take your practice with children with a history of attachment trauma to a new level of effectiveness. Through didactic, video, and practicum work, participants will leave the workshop prepared to:

- Involve parents in "detective work" to understand child behaviors from the AIP trauma model.
- Write a narrative with the assistance of the family to access preverbal trauma therapeutically.
- Teach a 5 week class: Integrative Parenting: Strategies for Raising Children Affected by Attachment Trauma (with ppt.)
- Implement EMDR Attachment Resource Development (ARD) to enhance parent-child attachment prior to memory work.
- Apply EMDR Self Regulation Development and Installation (SRDI) to increase affect and behavioral regulation.
- Utilize EMDR empowerment interweaves and other creative interweaves for children with stuck brains.
- Develop collaborative relationships with colleagues to create an effective family-EMDR treatment team.

Learn to heal the attachment wounds rooted in a history of abuse, neglect, foster, or orphanage care through this dynamic presentation. Work effectively with severe behaviors including stealing, lying, aggression, sexualized behaviors, and defiance. This is a practical workshop that gives step-by-step instructions for successfully intervening with parents, strengthening attachment, and resolving trauma and behaviors. Practicums, videos, and handouts allow participants to successfully implement the model.

13.5 EMDRIA CEs 12.5 CEs for Social Workers, Counselors, and Psychologists
Objectives:

1. Identify one important difference between emotion-driven parenting and integrative parenting.
2. Identify how the family therapist may use nesting dolls to help the child become aware of the smaller child within.
3. Begin developing an EMDR treatment plan for one child case during the presentation.
4. Begin an outline to a therapeutic story for a client during the presentation.
5. Identify 3 prompts the therapist may use to elicit positive or nurturing statements from parents regarding their child that can be utilized for Attachment Resource Development (ARD).
6. Give an example of a situation in the therapy session in which the EMDR therapist might implement Self-Regulation Development and Installation (S-RDI).
7. Identify 3 “empowerment interweaves” for a child stuck in feelings of powerlessness.

This workshop is held in facilities that are in compliance with the American Disabilities Act.

Please contact Deb Wesselmann (402)981-6130 at least 3 days prior to the workshop if you need accommodations. EMDR Institute maintains responsibility for this program and its content in accordance with EMDRIA Standards.

12.5 CEs

APA: EMDR Institute, Inc., is approved by the American Psychological Association to offer continuing education for psychologists. EMDR Institute, Inc., maintains responsibility for this program and its contents.

NBCC: EMDR Institute, Inc is an approved provider through the National Board of Certified Counselors: NBCC Provider 5558.

RN: EMDR Institute, Inc is a provider approved by the California Board of Registered Nursing, Provider Number 9755.

BBS: For California the course meets the qualifications for continuing education credit for MFT’s and LCSW’s as required by the California Board of Behavioral Sciences. Approval No: PCE270.

SW: EMDR Institute, provider #1206, is approved for SW continuing education by the Assoc of SW Boards (ASWB) www.aswb.org through the Approved Continuing Education (ACE) program. EMDR Institute maintains responsibility for the program. Social workers participating in this course will receive 18 for 3 days; 9 for 1 1/2 days (clinical or social work ethics) continuing education clock hours. Please contact the EMDR Institute 831-761-1040 or inst@emdr.com for information about continuing education for social workers. (SW boards outside the state in which the training occurs may or may not accept transferral of units depending upon individual state board policy.)

13.5 EMDRIA Credits PENDING

13 EMDRIA CEs (Only participants who are fully EMDR trained may receive EMDRIA credits.)

EMDRIA Approval # TBA
AGENDA
Monday October 29th OPTIONAL
7:30-9:00 PM Registration/Social Gathering

Tuesday October 28th
8:30-9:00 Overview of theory
9:00-9:30 Overview of integrative model
9:30-10:00 AIP Case Conceptualization—Examine your own child case
10:00-10:15 BREAK
10:15-12:00 Family therapist parent work—the Integrative Parenting approach.
12:00-1:00 LUNCH
1:00-2:30 Family therapist self-awareness and self-regulation work, awareness of inner child, and examination of dominoes
2:30-2:45 BREAK
2:45-3:45 Development of therapeutic story
3:34-5:30 Attachment Resource Development (ARD)

OPTIONAL: 7:30-8:30PM Tour of the Parent Class Powerpoint Slides

DAY TWO
8:00-8:30 Self-Regulation Development and Installation (-RDI)
8:30-9:00 Optional songs and games for resource development
9:00-9:30 Preverbal trauma through story
9:30-9:45 BREAK
11:30 Obstacles to reprocessing/creative and effective interweaves
11:30-12:30 LUNCH
12:30-2:15 Adaptations with current triggers/future templates/inverse reprocessing
2:15-2:30 Final Words/Q & A

“The Attachment and Trauma Center of Nebraska Team has assembled years of evidence-based knowledge and techniques to understand and effectively treat attachment and trauma issues in children and adults. They provide this information and training in a professional and instantly usable fashion.” -- --- Randy Basden, MS, LPC, from Douglas, Wyoming, attended the conference held in Denver.
